COMFORT & STYLE

Let's welcome the great outdoors! We are a community of people who long to spend time outside, relaxing in nature, and breathing in fresh air. As we gravitate towards spending quality time outdoors, we have carefully curated and constructed an assortment of outdoor heaters to lengthen that time.

Introducing Innova heaters, purposeful products that will add more value to your space and expand your range outdoors. For smooth integration and a harmonious design, we have also further expanded some of our outdoor collections to incorporate matching outdoor heaters. Design your perfect space with Innova Heating Co. by Eurofase and let us heat things up. Visit innovaheatingco.com for more information.

Where Comfort Meets Style.

KEEP AN EYE OUT FOR THIS ICON FOR MATCHING HEATERS

At Innova Heating Co., we choose *infrared!*

Unlike other supplemental heating appliances, infrared heaters do not heat the air. Instead they emit a clean, safe wavelength of light that only warms the objects the wavelength touches. The physics involved is similar to the way sunlight warms objects, meaning there is a natural sensation of being warmed off the heat of an Innova heater. For this reason, heat produced by infrared is evenly distributed, without interference from surrounding elements such as drafty or windy conditions.

MONTÉ

The Monté collection embodies the classic look of mission design. The clean, horizontal and vertical lines bring out this fixture's strong geometric presence. The balance of flat opaque white panels against the bold, black lines articulate architectural structure and form. Presented in satin black metalwork, this fixture is available in a variety of applications for multiple settings.
