# A Century of *Style*

Discover our rich history and explore Hinkley's heritage

## *Where It All Started*

Phil R. Hinkley founded his company in Cleveland, Ohio where the company's reputation at that time was built on the manufacture of solid copper lighting fixtures, primarily for outdoor use.

## *A Family Business*

This decade saw Stanley Wiedemer's sons, Paul, Jack and Jim graduate from college and become involved with the business. At this time, the company employed over 40 people.

## *A Legacy Begins*

Stanley Wiedemer worked as a traveling salesman out of Kansas City where he sold products from the Phil R. Hinkley Company. He began to buy into the company as it progressed from copper to specially treated steel, copper plating, and amber opal glass.

In the mid 30's, Mr. Hinkley contracted tuberculosis and sold half interest to Stanley Wiedemer to ensure continuity of the business he had created.

### *Lighting the Way*

Mr. Richard Wiedemer Jr., the former CEO of Hinkley Lighting, Inc. joined the business in 1969, working closely with his father, Jim Wiedemer, Sr. who had become the sole owner of the company.

### *New Opportunities*

Hinkley entered the post-war boom, which was geared toward the new "tract housing" concept, as more Americans were able to fulfill the dream of owning their own home.

From the invention of television to the launch of the first satellite, science and technology made huge leaps during this decade, creating the opportunity for great progress in the lighting industry.

### *On the Move*

In the mid 70's the company moved to its 12600 Berea Road location in Cleveland, Ohio where the business would stay for forty years and officially changed its name to Hinkley Lighting, Inc.

## *Booming & Branching Out*

As CEO, Rick headed the 3rd generation of his family running the company, and under his leadership, Hinkley continues to grow, becoming one of the finest lighting companies in the world, launching Hinkley Landscape Lighting in 1987.

## *Life Aglow*

Hinkley begins to construct a new, high-tech corporate distribution facility in Avon Lake, Ohio which is completed in 2009.

The purchase of the upscale lighting company, Fredrick Ramond, in November 2007 further diversifies the company by offering luxury lighting that appeals to the modern homeowner. This leads to the selection of "Life Aglow" as its signature tagline and leads the industry with its unique catalog design and lifestyle advertising.

# 2020

## *A New Generation*

The fourth generation of Wiedemers, Kristi and Jess, along with brother Eric, who joined the company as Legal Counsel in 2010, work closely with their father, Rick, positioning the company for a new generation of growth.

## *Blueprint for Growth*

In February 2019, the company purchased Regency Ceiling Fans, which expanded Hinkley's indoor and outdoor lighting products to include ceiling fans, which debuted as Hinkley Fans in January 2020.

This acquisition, led by Jess and Eric, paved the way for its new streamlined brand name, Hinkley, as a way to simplify and modernize the company's evolving portfolio with an eye on future growth.

# We want you to enjoy your experience with Hinkley.

We're proud to be a 4th generation family company, and we love what we do. We've been designing and creating products with the same level of style and quality we put in our own homes since 1922. So whether you are flipping through our catalog, surfing our site, getting inspired through social media, chatting with a member of our team or checking out our designs with one of our retailers, we're always looking for your experience with Hinkley to be a positive one. Here's all you need to know:

## CATALOG COLLECTIONS

Hinkley catalogs feature our current and complete product line along with important product specs and detailed photography. A must for the print-loving researcher who likes to tab their favorites. Stop by your local showroom for your own copy.

## HINKLEY.COM

Dive in! Our easy-to-use site makes your product research process a snap, with the added benefit of tips, trends, installation guidelines and a quick connection to our retail partners.

## #HINKLESTYLE
