A NOTE FROM JESS & ERIC

Our roots in design run deep. We grew up in a family business that treasures craftsmanship and quality. Our dad always taught us to cherish creativity and made sure we understood the significance of our products: each piece reflects your personal style and is meant to enhance the comfort and enjoyment of your home.

Thoughtful construction inspired by the best and latest trends, impeccable attention to detail and superior quality are the backbone of every single Hinkley design. Our great-grandfather started this company with those values, and it's still what our family stands for almost 100 years later.

We're excited to share our latest designs with you throughout these pages, and invite you to check out Hinkley.com to see all we have to offer.

Cheers to being happy at home,

A handwritten signature in black ink that reads "Jess & Eric".

Imagine a net gently breaking the surface, then slowly emerging with a cascade of water droplets trickling through and shimmering with light. Minimal hanging wires ensure the net itself appears to float, as a candle cluster emits light from within.
